View OFFERS / REQUESTS / SERVICES – allows you to view all products offered, or requested in table format, and in unique format - for a single offer / request desired.

Modules "View Offers ", "View Requests" and "View Offers Services" are identical in terms of organization, therefore we'll only describe the module "View Offers " .

1. Tabelar format – allows you to view all offers in table form :

The screenshot shows the 'View product offers active' window in the CasaDeComert Database application. The interface includes a sidebar with navigation options like 'View Offers', 'View Requests', and 'View Services', and a main table displaying product offers. The table has columns for Image, Category, Country, Language, Supplier, Web, Name, Specifications, Origin, and Charg. The 'View Offers' button in the sidebar is highlighted with a red box.
